Kingsoft PC Doctor 3.3 Version is Officially Launched

Jan 5th, 2012. Kingsoft Security, world famous security software vendor, released kingsoft pc doctor 3.3 version to computer users around the world.

kingsoft pc doctor, (<http://www.kingsoftsecurity.com/>) free and professional computer utility, is now released to new 3.3 version. The software offers computer users an impressive diagnosis and optimization service with direct and clear time counting in seconds and, help users optimize computer to peak performance.

“My Startup, part of Optimizer function of Kingsoft PC Doctor, offers computer users a direct and clear time of how much you need to enter Windows and; provide computer users suggestions to optimize computer startup performance.”said Kingsoft PC Doctor Team, “We must continually improve the optimization function and, help computer users to optimize their devices for peak performance.”

Within previous version of Kingsoft PC Doctor, there was a special skin for celebrating Christmas. But now, skin of the software is changed back to default one. So here, could we guess at a changeable software skin for Kingsoft PC Doctor? If so, computer users can make the software much more personalized.

Uninstaller, which is designed for a steady and clean software uninstallation, continually improved within this new version. “We improved this function and, made it work more perfectly under Windows 64 bit OS.”said Kingsoft PC Doctor Team. “Meanwhile, for a better download experience, we simplified the installation package of Kingsoft PC Doctor; so users can save time for downloading the software.”

Now Download and Install Kingsoft PC Doctor to Diagnose and Optimize Your Computer to Peak Performance!
