**South Water Sourcing Announces New Business Development Manager for the Northeast United States**

*Let South Water Sourcing Help Your Business With Our Years Of Experience "Manufacturing Solutions-Making Business Stronger "*

January 10, 2012

Burlington VT

South Water Sourcing is pleased to announce the hiring of Steve Bilak as a Business Development Manager for the Northeastern United States. "Steve brings a solid background in providing Engineering Solutions for our clients," says Tom Stayanoff, President of SouthWater Sourcing. "We are excited to have Steve on-board to promote and provide our company's services and solutions".

SouthWater is a materials and services provider that partners with contract manufacturers to assist businesses lacking the resources for in-house production or unable to generate order sizes for large-scale OEMs. SouthWater offers a full range of services including Design and Engineering, Product Development, Standard Production, Complex Assembly, Implementation and Project Management. SouthWater's solutions are definitively turnkey offering creativity, true innovation, technical direction and supply-chain support to ensure more than satisfaction from concept to finish.

The goal of SouthWater's comprehensive approach is to assure clientele that they can focus on pressing priorities within their company while providing them with worry-free, economical solutions. The representatives of SoutWater have vast experience in industries including Aerospace, Automotive, Telecommunications, Construction, Consumer Use, Electrical, Electronics, Renewable Energy, Food & Beverage, Home Appliances, Hospitality, Industrial Machine, Instrumentation, Medical, OEM Components, Personal Care, Semiconductors, Transportation, Vending and many, many more.
