**Espressogrow secures green light from United Kingdom Trade and Investment**

*Eco-friendly fertilizer startup, Espressogrow has received a green light letter from United Kingdom Trade and Investment (UKTI) which will see UKTI actively represent Espressogrow's entry into the key markets of the United Kingdom and Europe.*

Mark Henderson, Founder and Chief Executive Officer of Espressogrow states, "UKTI are actively positioning entrepreneurial companies with interests in the United Kingdom and Europe for both sales and financing opportunities. Our relationship with them will see the expansion of our business into these key markets".

Mr Henderson stated further "we are a young company with ambitions to compete actively in the global market place for smart eco friendly products, and servicing a part of the market to give consumers real choice when it comes to eco-friendly fertilizer. We take immense pride in the fact that UKTI would see us fit for participation in their Global Entrepreneur Programme (GEP)".

In the letter to Espressogrow, Andrew Humphries of UKTI stated that "...we have reviewed your achievements to date, and following our initial technological and commercial evaluation, views yours as a unique disruptive proposition of exceptional global potential, being led by a professional management team.."

The Espressogrow management team will work closely with UKTI over the coming months to secure opportunities for expansion.

About Espressogrow : is a privately held fertilizer manufacturer that produces a unique eco-friendly fertilizer from coffee ground waste. The company, first established in Australia in 2011, partners with coffee retailers by extracting their waste and then processes it to produce a nutrient rich, eco-friendly fertilizer. The product mimics the characteristics of synthetic fertilizers without any negative environmental impact.

About UKTI: UK Trade & Investment (UKTI) is the government department that helps UK-based companies succeed in the global economy. UKTI helps overseas companies bring their high quality investment to the UK's economy - acknowledged as Europe's best place from which to succeed in global business. UKTI offers expertise and contacts through its extensive network of specialists in the UK, and in British embassies and other diplomatic offices around the world. UKTI provides companies with the tools they require to be competitive on the world stage. For more information on UKTI, visit [www.ukti.gov.uk](http://www.ukti.gov.uk).
