The Bouncy Store issues Safety Plea for Spring and Summer Party Rentals

Chicago, Illinois - United States - February 10, 2012 - With winter nearly over and party season just around the corner, The Bouncy Store, a leader in Chicago inflatable party rentals, is gearing up for their busiest time of year.

Chicago, Illinois - United States - February 10, 2012 - With winter nearly over and party season just around the corner, The Bouncy Store, a leader in Chicago inflatable party rentals, is gearing up for their busiest time of year. This morning, while in the midst of all the preparations for what they feel will be a prosperous season, a spokesperson from the company took the time to issue a safety plea to those seeking to rent party props, games, and equipment in 2012. The plea goes out to all, renters and suppliers alike.

“Our primary goal and that of anyone in the party rental industry is to provide safe, fun, and exciting entertainments for children,” the spokesperson said in a statement released from the Bouncy Store’s Illinois offices. “As a company that supplies Chicago inflatable bounce house rentals we are often queried about safety procedures. Nothing ruins a party faster than a child getting hurt playing on an unsafe device of any kind. To ensure that doesn’t happen with our inflatable houses and castles, we inspect each of them thoroughly on every delivery. We hope our competitors do the same.”

The Bouncy Store is widely considered one of the leaders in Chicago area inflatable bounce house rentals. A quick glance at their website shows competitive pricing, a simple ordering system, and a clear emphasis on safety, even if that requires a cancellation or rescheduling due to unsafe weather conditions. The spokesperson pointed out how high winds and rain can cause hazardous and unsafe playing conditions for children. He explained how they let their customers know this up front.

“Our Chicago inflatable castles require electricity to stay inflated,” the spokesperson told us. “Electricity and rain do not mix well together. If we have a delivery scheduled for a day when rain is falling, we let our customers know that, for safety reasons, we cannot in good conscience provide an inflatable party rental that day. We let them know that when they first enter into a contract with us, and we encourage them to set an alternate “rain day” to prepare for it. High winds are also dangerous, so the same rules apply for those days when the Windy City lives up to its nickname.”

The Bouncy Store offers a complete line of inflatable castles and playhouses. Included among them are themed bounce houses with Batman, Superheroes, Sponge Bob, and a Disney Princess theme. They also rent generators for outdoor events with no available power outlets, tables, and chairs. Contact them directly for more info at 815-566-3444 or email info@TheBouncyStore.com.
